CompAir now assures you up to 44,000 hours peace of mind

CompAir Assure™, a completely **FREE**, simple and flexible **NEW 44,000 hour warranty scheme** available with all new CompAir rotary screw compressors

Your benefit of extended warranty cover is extra peace of mind

- Up to 44,000 operating hours cover
- It's **FREE OF CHARGE** - No premiums to pay
- Planned maintenance schedules - Maximises your production
- Known revenue costs - No unexpected repair bills
- Simple for you to join with minimum administration
 - No fuss, no complication.

What you have to do

Joining the Assure™ programme is simple. All you have to do is:

- Have your installation approved by an authorised CompAir service provider
- Register for the Assure™ warranty programme
- Allow the authorised CompAir service provider to deliver the recommended service schedule and validate your log book
- Use genuine CompAir parts and lubricants for service.

CompAir's commitment

- Trained and qualified engineers will take care of your machines
- Your compressor will be kept in peak operating condition.

Assure™ Re-warrant - for customers with existing installations

If you already own a CompAir screw compressor, Assure™ Re-warrant is an opportunity for you to join the Assure™ programme and achieve up to 16,000 operating hours of all warranty cover subject to the following:

- Your compressor(s) will have less than 12,000 operating hours
- You agree to a 'health check' on your machine and any necessary remedial work.

We believe that the Assure™ family of warranties represents a major step forward in compressor warranty, delivering the highest levels of service quality to the owners of new and existing CompAir machinery.

Please call the CompAir authorised service provider listed below to see how Assure™ can start giving you peace of mind.
